

Avoca Lime invites you to a

Seminar in Te Akau

Results from Lime Trials in Waikato and the Secrets of Phosphate Retention

When:

Friday 18th October 2019
10:30 am for 11am start to 2pm
(lunch and light refreshments provided)

Where:

Te Akau Community Centre, 616 Te Akau Rd

Presenters

Robin Boom is an independent soil consultant and will present the results from a four year lime trial at Will Jackson's property at Te Akau.

Dr Gordon Rajendram from Eurofins Laboratories, one of New Zealand's top soil experts will discuss understanding phosphate retention and the right fertilisers to use.

Dr. Rajendram is a scientist and technical manager at Eurofins AgriTesting, formerly known as Soil Fertility Service which was originally set up by Ministry of Agriculture and Fisheries in the 1980s to assist farmers.

Please RSVP by 11th October
